

Story

AlFarah Restaurant

From our family to yours, Al Farah Restaurant was created for guests who love the traditional Middle Eastern culinary experience when it comes to enjoying a variety of dishes. From humble beginnings in 1998, the family-owned business was set up in hopes to share the love of traditional Middle Eastern cuisine. Throughout the years there have been many changes and challenges but we have maintained good quality and service with our strong commitments and the great efforts of all the family members involved. The experienced team of our classic family restaurant worked collectively to give our customers the best quality of products and services and continues to keep working towards our constant improvement. The success of our restaurants is a direct reflection of the taste and quality of our food and the special treatment we give each and every customer.
